

REEL HS 401 / 395/60-280

27 Spools for 3D-printer, 15 Cable reels and Utility reels

Reusable

Winding material : rubber profiles, data cable, power cables, Extruded cables, Insulated cables, Cable assembly, Optical fibre cable, optical cables, Signal cable, Plastic rope

Material : PP TSG

Standard winding volume : 23303 cm³

Central bore Ø : 60 mm

Catalogue categorization: 27 , 15

Important:

If pallet packaging is indicated, this is the preferred method of packing the spools. Please note that the pallets must not be stored in direct sunlight, as the heat build-up may cause the plastic to warp permanently.
