

## REEL MA 80/25

22 Spools for fishing line/monofilaments

Single-use

Winding material : fishing line

Material : PS

Standard winding volume : 11 cm<sup>3</sup>

Central bore Ø : 15 mm

Catalogue categorization: 22

## TECHNICAL DATA - SPOOLS

### Spools

| Flange Ø | Barrel Ø | Central bore Ø | Width   | Winding width | Flange thickness | Winding-volume       | Central bore Ø tapered part | Drive-hole/pin | Drive-distance |
|----------|----------|----------------|---------|---------------|------------------|----------------------|-----------------------------|----------------|----------------|
| d1 [mm]  | d2 [mm]  | d3 [mm]        | L1 [mm] | L2 [mm]       | S [mm]           | V [cm <sup>3</sup> ] | d4 [mm]                     | d5 [mm]        | E1 [mm]        |
| 80       | 66       | 15             | 11.7    | 9.7           | 1                | 11                   |                             |                |                |

## PACKAGING

| Designation   | Cardboard box | Cardboard box weight | Cardboard box Outside Deminsions | Pallets | Pallet weight | Pallet's external dimensions |
|---------------|---------------|----------------------|----------------------------------|---------|---------------|------------------------------|
|               | piece         | kg                   | cm                               | piece   | kg            | cm                           |
| Reel MA 80/25 | 900           | 14.3                 | 80x40x37                         | 13500   | 235           | 80x120x200                   |

| Designation | Cardboard box | Cardboard box weight | Cardboard box Outside Deminsions | Pallets | Pallet weight | Pallet's external dimensions |
|-------------|---------------|----------------------|----------------------------------|---------|---------------|------------------------------|
|             | piece         | kg                   | cm                               | piece   | kg            | cm                           |

**Important:**

If pallet packaging is indicated, this is the preferred method of packing the spools. Please note that the pallets must not be stored in direct sunlight, as the heat build-up may cause the plastic to warp permanently.
